

AP Series

AP-15AU POWERED SPEAKER 1600WATTS

AP-15AU 1600Watts 15 Inch 2 Way Powered Loudspeaker. The Trapezoidal design was used for a more precise and accurate sound will add increased sound definition on vocal frequencies. This state-of-the-art speaker will give you of enjoyment., suitable for use in both speaking and listening to music.

Feature

- Speaker type: 2-way active speaker
- Woofer: 15", 3" voice coil
- Compression Driver: 2" voice coil, 1" throat
- Frequency Response: 45Hz ~ 20kHz
- Max SPL: 128dB / 138dB (Peak)
- Amplifier: Class D Bi-amplifier
- Power RMS: 800W / 1600W (MAX)
- Built-in DSP processor: 48KHz / 56Bits
- Built-in: Media player Wireless stereo audio streaming Bluetooth TWS (True Wireless Stereo) , USB support MP3, WMA files.

Specifications

Model	AP-15AU
Transducer	Titanium Driver: 1" throat, 2" voice coil / Woofer: 15", 3" voice coil
Frequency Response	45Hz ~ 20KHz (-10dB)
Rated Power	800W / 1600W (MAX)
Amplifier	CLASS D Bi-Amplifier
Sensitivity	97dB 1m/1W
Maximum SPL	128dB / 138dB (Peak)
Nominal Impedance	4 Ω
Dispersion Angle (H x V)	80° x 60°
Built-in DSP Processor	48KHz / 56Bits (Mode: FLAT, MUSIC, SPEECH, EXT SUB)
EQ	BASS : 80Hz (±12dB), TREBLE : 12kHz (±12dB)
Media player	- Wireless stereo audio streaming Bluetooth (TWS) - USB support MP3, WMA files.
Connection	Line Input: XLR,RCA,3.5mm Jack Line Output: XLR
Mains Supply	PowerCON
Operating voltage	AC 220 ~ 240V, 50/60Hz
Dimensions (W x H x D)	365 x 360 x 610mm
Net Weight	24.5 Kg
